

Risk Disclosure - LTR FX

Trading foreign exchange carries RISK, and may not be suitable for all investors. Before deciding to trade foreign exchange you need to think about your investment objectives, level of experience, and risk aversion.

You may suffer losses and therefore you should not invest any collateral that you cannot afford to be without. Risk is higher with currency trading as it involves leverage or margin trading.

You need to be clear that there is a high risk in any off-exchange foreign exchange transaction, including, but not limited to, leverage, creditworthiness, limited regulatory protection and market volatility that may substantially affect the price, or liquidity of a currency or currency pair.

You should be aware of all the risks associated with foreign exchange trading, and seek advice from an independent financial advisor if you have any doubts.
